

DEMONSTRATION OF VARIABLE RATE PRICING OR PAY AS YOU THROW
FOR TRASH

Please indicate the system you utilize to fulfill the variable rate pricing structure requirements for material that goes into the landfill. **Circle** your current practice in the list below and fill in all the blanks as necessary. If you are not using any of these options, you may include a sample customer invoice or a current fee schedule or you may describe how you are meeting this requirement at number 4 below. At least ONE demonstration must be made in order for your application to be approved. Please submit this completed form with your license application.

1) CHARGE BY THE BAG:

Our system charges trash customers based on the size and number of bags.

We charge \$ _X_ for a 15-gallon bag.

An additional charge of \$ _Y_ is collected for a 30-gallon bag.

An additional charge of \$ _Z_ is collected for a 45-gallon bag.

2) CHARGE BY THE TON OR A FRACTION THEREOF:

Our system of billing is based on tonnage. Tonnage is recorded on weight slips/tickets and provided to the customer with each load. Weights are calculated to at least the tenth of a pound.

3) FLAT FEE (STOP FEE) PLUS NUMBER OF BAGS:

We charge a minimum stop fee of \$X.

The 32-gallon container collected is charged \$Y.

The 64-gallon container collected is charged an additional \$Z.

4) OTHER: Please provide a detailed description of the pay-as-you-throw system you employ to ensure you are in compliance with the LRSWMD requirement to pay for landfilling based on weight or volume:
